Solstice Strawberry Lemon Punch

Sit and soak up some solstice sun on Litha with a tall frosty glass of this fruity punch

- ⊛ 2 cups water
- ⊛ 1 cup water
- ⊛ 1 tablespoon lemon zest
- ⊛ 1 cup lemon juice
- ⊛ 1 pint strawberries
- ⊛ 2 cups club soda

In a saucepan, heat the water and sugar together until the sugar is all melted and dissolved. Add in the lemon zest and juice. Stir and let the whole thing cool right down. Once chilled, strain out the zesty bits.

Then use a blender to puree the strawberries. Pour that into your lemon juice and give it a good stirring. Chill again until you're ready to serve your solstice punch.

Pour in the club soda, and serve with a lemon slice or mint sprig for a garnish.

Have a happy and fruity Midsummer!
