# imbo★|C CUSTARD

*Enjoy the richness of new Imbolc milk with this tasty baked custard.*

- ♻ 3 eggs
- ♻ 1/2 cup sugar
- ♻ 3 cups milk
- ♻ 1 teaspoon vanilla
- ♻ 1/2 teaspoon ground nutmeg

*You'll need little ramekin dishes or any small dish that is oven-safe, and you'll need a bigger dish or pan ( maybe a lasagna dish?) that will hold 6 of the ramekins.*

Get all your ingredients together and have the oven heating up to 300F.

In a mixing bowl, get all of the ingredients (except the nutmeg) blended up until it's all smooth and the sugar is dissolved. Pour your milky mix into 6 dishes, and give them all a good sprinkle of nutmeg on top.

Get a larger baking dish and set all the ramekin cups in it. Fill the big dish with water, so that your custard cups are sitting in a water bath that comes half-way up their sides.

Bake the whole contraption for about 1 hour and 15 minutes. A knife poked in should come out clean when they are ready.

Take them out of the oven and chill in the fridge until you are ready to serve your Imbolc custard treats.
